COMPANY PROFILE

企业简介

温州市前进阀门有限公司（原瓯海前进衬胶阀门厂）座落于温州瓯江口南岸，距永强机场 500 米左右，面临东海，背靠罗山，交通十分便捷。水路拥有龙湾万吨码头，空运紧邻民航机场，陆运衔接 104 国道、甬台温高速公路及铁路中心站。

公司创办于上世纪八十年代，以阀门生产为主营业务，专业生产各类衬胶、衬氟、衬PO等耐腐蚀阀门、管道及过滤器，型号规格齐全，可承接各类非标产品定制（包括衬里管道、异径管、三通、四通等）。产品广泛应用于电站、化工、石油、冶金、制药、建筑供排水等工程项目。

1995—2001 年，公司先后荣获中共瓯海区人民政府授予产品 “质量信得过” 称号（历史荣誉）；2002 年被瓯海工商分局评为 “重合同、守信用” 单位；2001 至 2004 年间，先后获评消费信得过单位、诚信企业、文明企业、先进企业、先进职工之家等多项历史荣誉。多年来产品持续接受质检抽检，严控产品品质。公司已成功注册 “瓯一” “E 五” 两枚商标。

公司始终坚持 “以市场为导向、靠科技求发展、以质量提声誉、促管理得效益” 经营方针，积极参与市场竞争，持续打造自主品牌。产品严格执行三包售后服务政策，建立完善售后保障体系，全力维护客户合法权益。多年来，依靠规范管理与贴心服务，收获众多客户认可。欢迎新老客户洽谈合作，携手共谋发展。

Wenzhou Qianjin Valve Co., Ltd. (formerly Ouhai Qianjin Rubber-lined Valve Factory) is located on the south bank of the Oujiang River in Wenzhou. It is about 500 meters away from Yongqiang Airport and faces the East China Sea. It is backed by Luoshan Mountain. The transportation is very convenient. The waterway has the Longwan万吨 wharf, and the air transport is close to the civil aviation airport. The land transportation connects with National Highway 104, Ningtaowen Expressway and the railway center station.

The company was founded in the 1980s and its main business is valve production. It specializes in manufacturing various corrosion-resistant valves, pipes and filters such as those with rubber lining, fluorine lining, or PO lining. The product range is comprehensive, and it can undertake the customization of various non-standard products (including lined pipes, reducers, three-way valves, four-way valves, etc.). The products are widely used in power stations, chemical plants, petroleum, metallurgy, pharmaceuticals, construction water supply and drainage and other engineering projects.

From 1995 to 2001, the company successively received the "Quality Trustworthy" title (historical honor) awarded by the Wenhui District People's Government of the Communist Party of China; in 2002, it was rated as a "Contract-abiding and Creditworthy" unit by the Wenhui Industry and Commerce Bureau; from 2001 to 2004, it was successively awarded multiple historical honors such as a "Consumer Trustworthy Unit", "Ethical Enterprise", "Civilized Enterprise", "Advanced Enterprise", and "Advanced Workers' Home". Over the years, the products have continuously undergone quality inspection and sampling, and the product quality has been strictly controlled. The company has successfully registered two trademarks, "Wu Yi" and "E Wu".

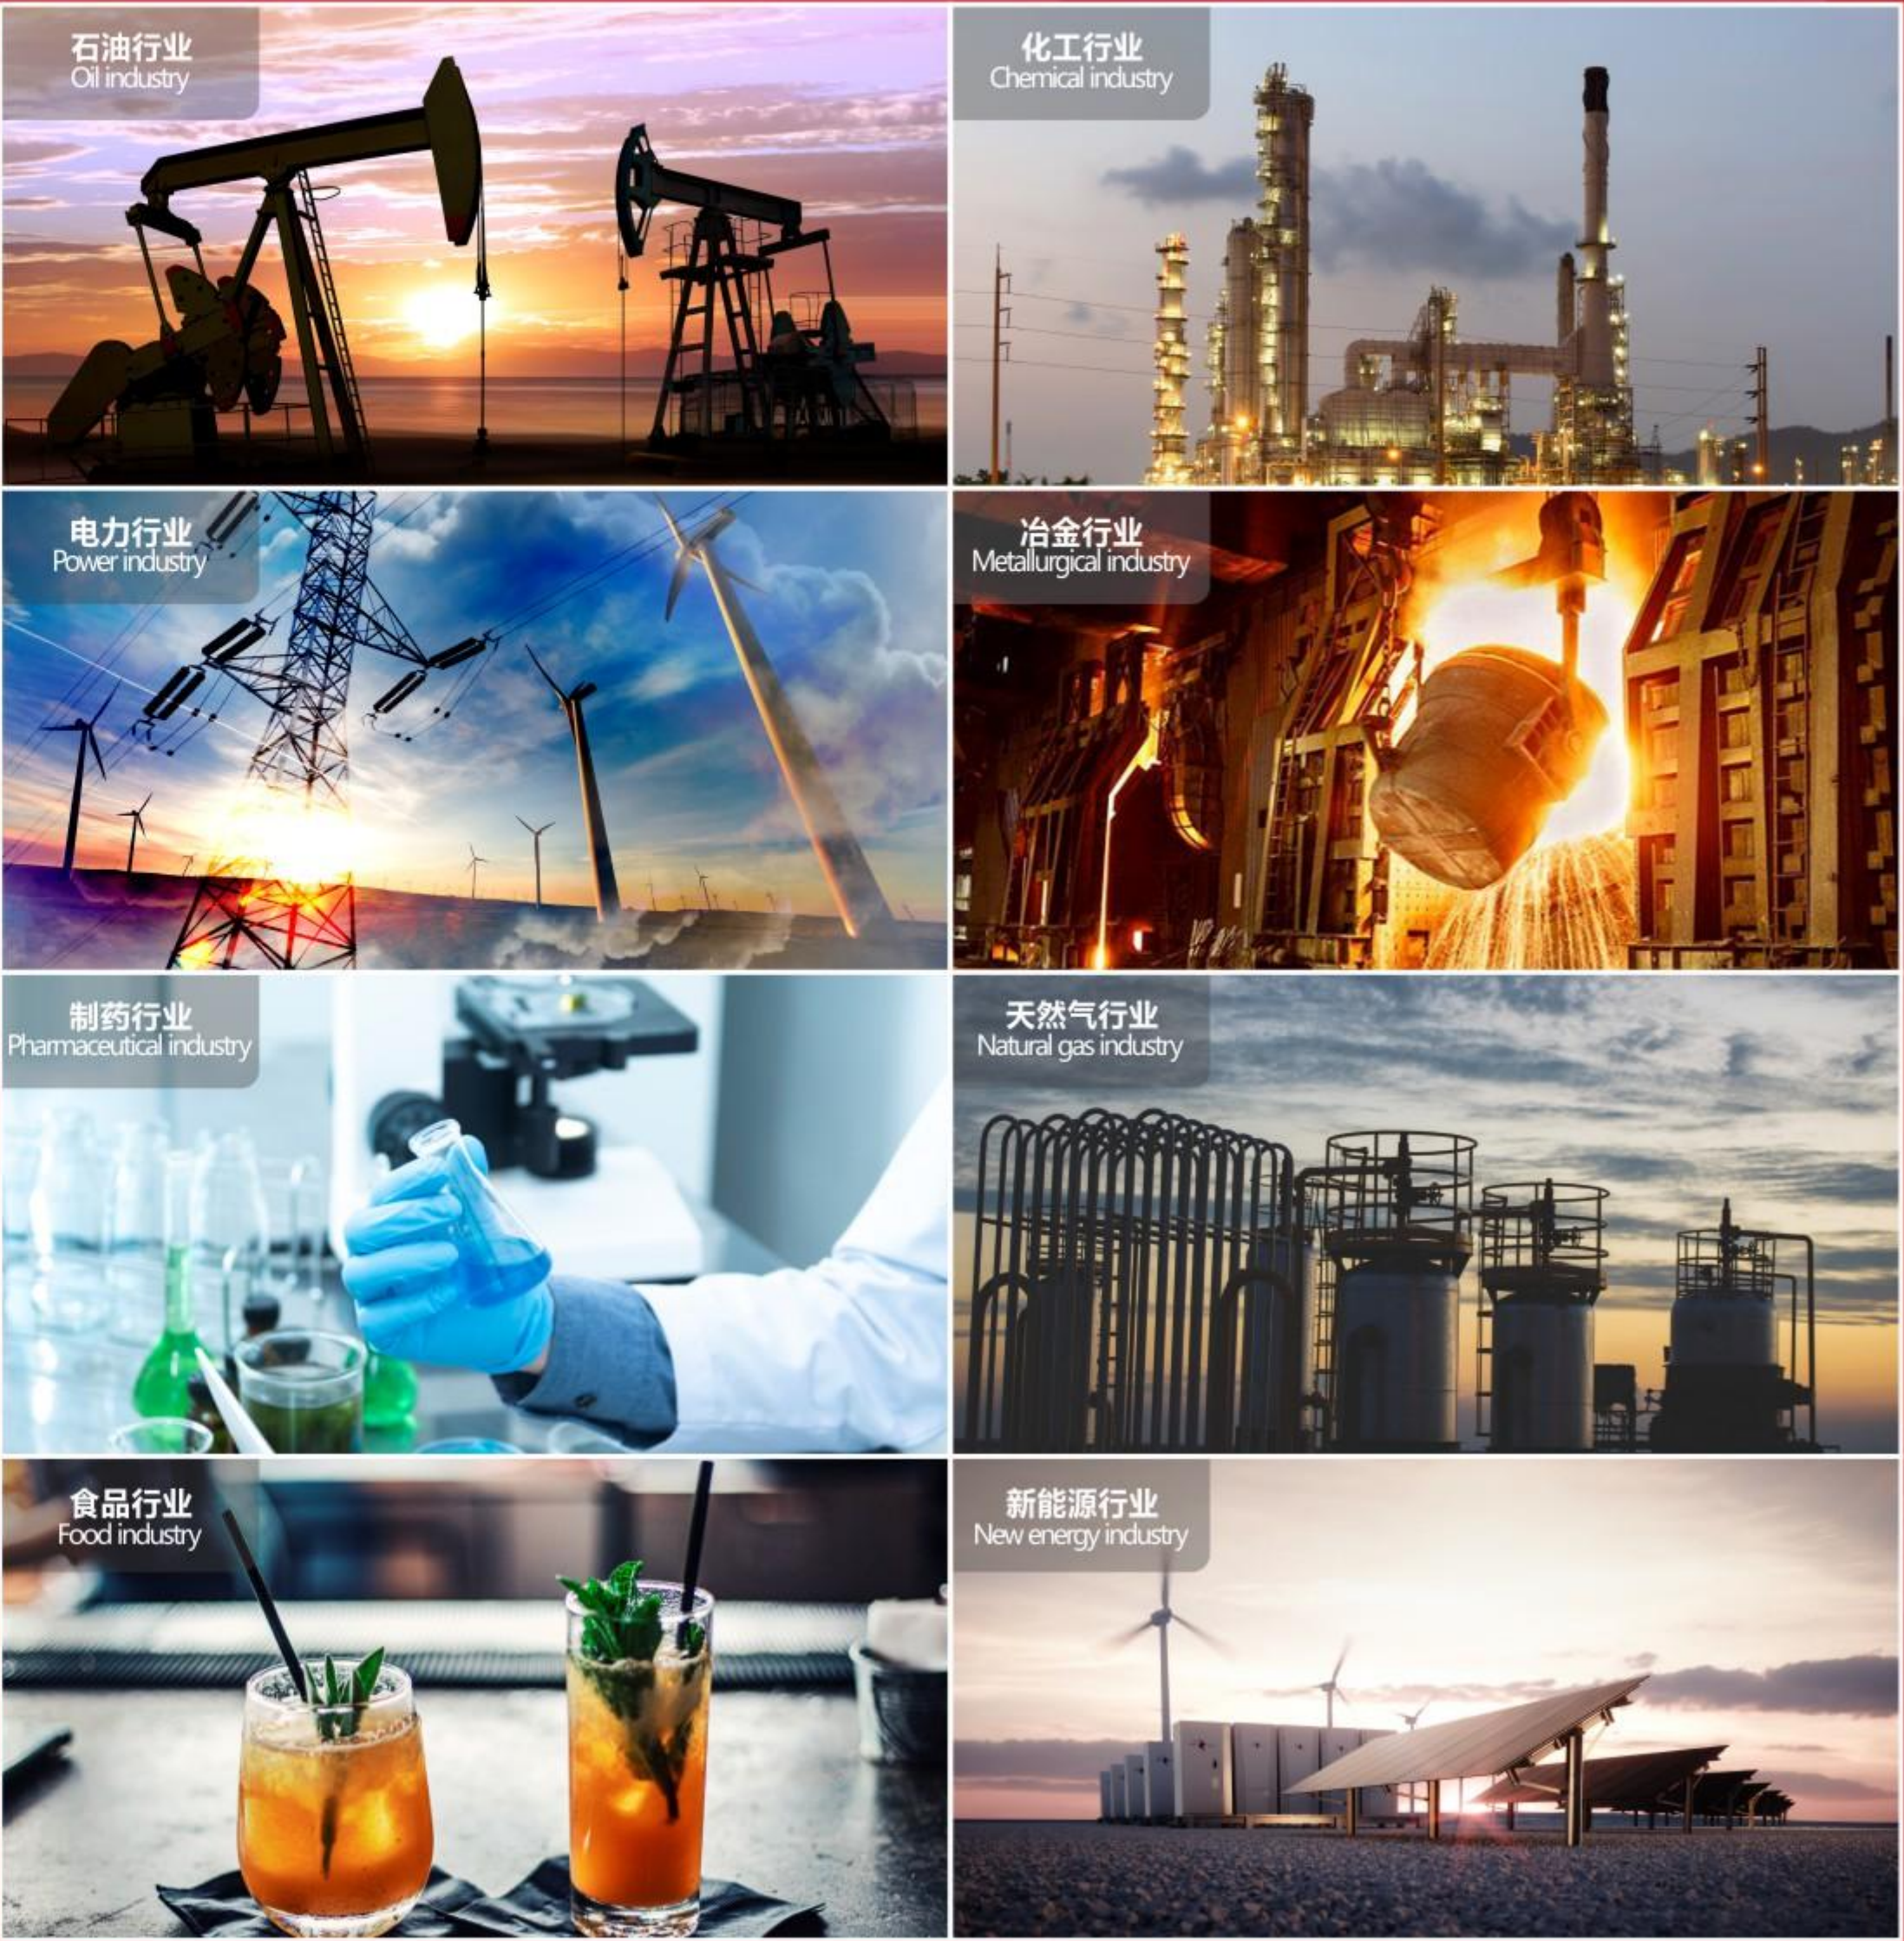

The company has always adhered to the business policy of "market-oriented, seeking development through technology, enhancing reputation by quality, and promoting management for benefits". It actively participates in market competition and continuously builds its own brand. The products strictly follow the three-guarantee service policy for after-sales, establish a complete after-sales guarantee system, and fully safeguard the legitimate rights and interests of customers. Over the years, relying on standardized management and considerate services, it has received recognition from many customers. We welcome new and old customers to negotiate cooperation and jointly seek development.

APPLICATION AREA

应用领域

Our products are widely used in petroleum, papermaking, hydropower, food, medicine, textiles, metallurgy, sewage treatment, mining, chemical engineering, construction, water supply and drainage, selling worldwide and well received by users.

产品广泛应用于石油、造纸、水电、食品、医药、轻纺、冶炼、污水处理、矿山、化工、高层建筑、给排水等领域，销售覆盖国内外市场，获得用户认可。
